

**No. MSD
MATERIAL HANDLING SUCTION & DISCHARGE HOSE**

Part Number	Inside Diameter	Outside Diameter	Bend Radius	Weight LB/FT	Working Pressure-PSI
MSD-300	3"	4-7/16"	15"	4.17	150
MSD-400	4"	5-5/16"	20"	4.91	150
MSD-600	6"	7-7/16"	30"	8.60	150
MSD-800	8"	9-9/16"	56"	11.42	150
MSD-1000	10"	11-3/8"	80"	13.44	150

Recommended For: All weather general purpose suction and transfer hose. Designed to handle abrasive material economically.

Tube: Black or red, smooth natural rubber.

Temperature & Range: -40°F to 158°F.

Reinforcement: High strength synthetic cord plus anti-static copper wire and embedded steel helix wire.

Cover: Black corrugated (wrapped finish), highly abrasion resistant synthetic cover.

Lengths: Standard 100 ft., 200 ft., and 40 ft. over 10" diameter, also cut and/or coupled to client's individual requirements.
