

No. KC - KING COMBINATION NIPPLES

King Combination Nipples, also known as KC Nipples, are a versatile means of transitioning from hose to pipe, adapters, valves or strainers. These end connections are for fluid service only. NPT male thread is standard. Also available with grooved end or with blank beveled end for welding. Plated steel prevents rust and weathering.

Available in Plated, Unplated, and Stainless Steel, Brass, Aluminum, Nylon, & Polypropylene
